Dear Mr. Rogers,

I think Amelia Bedelia should be fired because she does almost everything wrong. First, she put flowers in cooking pots when she was supposed to put them in flower pots. This made you really mad.
because you didn't have any cooking pots to cook with.
Second she gave you a raw egg and when you picked up the egg it broke. You were mad and so you told Amelia Bedelia to go fly a kite. She's a bad maid you should fire her.

Love,

conor
