

Learning and Innovation Hub Menu

Excited about the Learning and Innovation Hub, but not sure how you can best utilize us and the space? Here is a menu of ideas of how the Hub can partner with you.

<p>Reading</p>  <p>We can provide book talks / "speed dating" to encourage independent and lifelong readers.</p>	<p>Research Instruction</p>  <p>We can help provide information on research and database best practices to students.</p>	<p>Writing Instruction</p>  <p>We can help support instruction on quote integration, MLA/APA citations, and other writing skills.</p>	<p>Passion Projects</p>  <p>Do you want to create passion projects where students can explore their own interests while practicing lifelong skills? We can help!!</p>
<p>Video Opportunities</p>  <p>Want students to use their creativity to show their knowledge and skills? We have a green screen for video purposes and space to collaborate!</p>	<p>Collaboration Opportunities</p>  <p>Do your students need smaller breakout rooms to collaborate on group projects? We have four breakout rooms of varying sizes for you!</p>	<p>Innovative Environment</p>  <p>Want to bring your class here to provide flexible seating and vitamin D to encourage creativity and innovation? We have three larger areas that can host full classrooms!</p>	<p>Connecting with the Community</p>  <p>Looking to make those connections with the community? We can help create those partnerships!</p>
<p>Resources</p>  <p>We can help curate digital resources, tools, documents, websites, books, videos, and materials.</p>	<p>Project-Based Learning</p>  <p>Looking to spice up a current unit and add some project-based learning? We can help!</p>	<p>Virtual Field Trips</p>  <p>We can help organize virtual field trips aligned with our learning pathways.</p>	<p>Your Choice!</p>  <p>These are just examples of what the Hub can do. Let us know if you have other ideas!</p>

Please reach out to me to begin working together!
