

## **Bundles, Bullets, and Views**

Below are three different options to show that you understand the directions for this assignment.

1. Bundle it! (Write out the directions in your own words)

2. Bullets! (Make a list of the directions from start to finish in order)

3. Views! (Draw a picture of the directions along with what the final product will look like)

A large, empty rectangular box with a thin black border, intended for drawing a picture of the directions and the final product.
